

Clarío[®] METERED AIRCARE SYSTEM

Continuous Odor Control

Air Care System consists of a dispenser and metered aerosols that provide continuous odor control in restrooms. These products contain fragrances that are complementary to the SmartScreen™ fragrances and are infused with Neutrabond™ Technology. Neutrabond Technology is a specially developed combination of malodor counteractants and fragrances that chemically bond to microscopic malodor particles neutralizing the malodor completely rather than just masking them. These aerosols are formulated to produce little or no fallout ensuring safe surfaces for occupants and not harming flooring material or finishes.

Uses

Designed for use where malodor is undesirable

- Schools and Universities
- Office Buildings
- Manufacturing Facilities
- Hospitality
- Food Service
- Long Term Health Care
- Hospitals

Features

- Fine Mist for excellent dispersion

Authorized Betco Distributor

Directions For Use

Read the entire label before using this product.

INSTALLATION OF DISPENSER, BATTERIES AND METERED REFILL

- * Mount the dispenser near the end of the room away from a ventilation return, door way or vent to achieve maximum particle dispersion into the area to be treated.
- * Mount dispenser 7 feet above the floor or 6 inches from ceiling if it is less than 7 feet.
- * Anchor dispenser with supplied wall anchors and screws.
- * Install 2 D cell alkaline batteries.
- * Insert metered refill and press the 'RESET' button.

Safety

For industrial and commercial use. **RISKS: DANGER.** Extremely flammable. Contents under pressure. Contains Acetone. Harmful by inhalation. Vapor can travel to ignition source and flash back. Container may rupture if subjected to excess heat. Harmful if absorbed through skin, ingested or inhaled. May cause eye and skin irritation. Inhalation may cause headache, dizziness and nausea at high concentrations. May aggravate existing eye, skin or upper respiratory conditions. Do not keep near food or beverages. PRECAUTIONS: Store in a cool, well ventilated area. Do not puncture container. Do not store at temperatures exceeding 48°C. Keep away from heat, sparks, flame, and oxidizing materials. Do not incinerate. Do not spray into eyes or on skin. Use in adequately ventilated area. Avoid breathing vapor. Avoid contamination of food. KEEP OUT OF REACH OF CHILDREN. **FIRST AID:** In case of eye contact, wash with soap and water. If inhaled, remove to fresh air. Resuscitate if necessary. Get immediate medical attention. If ingested, drink two large glasses of water, do not induce vomiting. Immediately call a physician. In all cases, obtain medical attention if irritation persists.
